

UNIFORM PROGRAM 2026

FACTORY

FOR MANUFACTURING & INDUSTRIAL TEAMS

Factory Uniform Program.

One maker for your entire floor — from front-office shirts to field-operator workwear, built and matched in-house.

ONE PARTNER · EVERY ROLE

Dress every role on your floor, from one maker.

Kitting out a plant means many garments, many sizes, and colours that must match across every reorder. We make the shirts, polos, tees, trousers and workwear ourselves — so your whole programme stays consistent, batch after batch.

01

Made in-house

Cut, sewn and finished under one roof — no middle-men, no drift between suppliers.

03

Built to work

Reinforced seams, bar-tacked stress points and fabrics chosen for the shop floor.

02

Colour that holds

Dye-lot control keeps your brand colour identical from the first order to the tenth.

04

Sized for everyone

Full size range, men's and women's cuts, so no one on the team is left out.

WHY CPL · ONE PARTNER, EVERY ROLE

CUSTOM BRANDING

Your brand, on every piece.

Every garment can carry your identity — logo, name, department and colour, applied consistently across the whole programme.

01
Embroidered logo
Durable stitched mark — premium, wash-proof.

02
Printed logo
Screen or transfer for large, full-colour marks.

03
Name & role tag
Woven names and roles — easy ID on the floor.

04
Department colour
A colour per division — teams read at a glance.

FACTORY UNIFORM PROGRAM

Design it. *We make it.*

Send us your roles and headcount — we'll build a complete uniform programme, in your colours, with one point of contact from sample to reorder.
